

Heavy Hex Jam Nylon Insert Lock Nut - NTU Series

Earnest Machine Products line of heavy hex jam nylon insert lock nuts are made to the dimensional requirements of NTU Series lock nuts.

The dimensions of the NTU series are comparable to a jam nut thickness and a heavy hex nut width across flats.

Earnest offers NTU series lock nuts in the following materials:

- 18/8 (300 Series) Stainless Steel
 - Grade A / Carbon Steel; for grade 2 applications
 - Grade C / Medium Carbon Steel Heat Treated; for up to grade 8 strength level applications.
- Hardness: Rc 26/ 34 (for sizes up to 1")
Rc 26/36 (for sizes over 1")

Size	Width Across Flats (Nom)	Thickness (Nom)	Wrenching Height (ref)
1/4	1/2	.281	.194
5/16	9/16	.313	.212
3/8	11/16	.406	.251
7/16	3/4	.438	.316
1/2	7/8	.531	.360
9/16	15/16	.563	.421
5/8	1 1/16	.609	.428
3/4	1 1/4	.703	.488
7/8	1 7/16	.781	.535
1	1 5/8	.891	.600
1 1/4	2	1.109	.767
1 1/2	2 3/8	1.313	.810
1 3/4	2 3/4	1.469	.986
2	3 1/8	1.672	1.016
2 1/4	3 1/2	1.938	1.179
2 1/2	4	2.187	1.523
2 3/4	4	2.187	1.523
3	4 5/8	2.725	2.075
